38259 Wed Nov 16	10-11am
Age: 2-5 yrs	Fee: \$12R/\$14N
38258 Sat Nov 19	11:30am-12:30pm
38261 Wed Nov 16	11:30am-12:30pm

## Play & Learn

This FREE program is offered by the Chinese Information Services Center (CISC). The Play & Learn Group provides a safe and stimulating environment for young children and their caregivers to play, socialize and be introduced to basic preschool skills. Through meaningful activities, modeled by the group facilitator, caregivers will come to understand how children learn through play and also strengthen the caregiver-child relation. No need to register; drop by to Play & Learn.

37485 Tue,Thu Oct 25-Dec 8	9-10:30am

## Tiny Treks

Tiny Treks is a fun outdoor program for you and your 2-6 year old child. Come play with us in the woods: hike, explore, learn the names of plants and look for animals with Certified Teacher Ann Glaser. Curriculum is designed to open the hearts and minds of young children to the wonders of nature. While outdoors, Teacher Ann and the kids will sing, dance and interactively explore the world around them. Each session has a unique environmental theme.

## Tiny Treks Fall

Grab your child, put on rain gear and come on down! Hike with your child and look for slugs, sunflowers, fly kites, make a spider web, sing about ants. Activities include a short hike, circle time with singing and laughter, a craft or outdoor exploration and a snack. The first two sessions will meet at a different location each week, the November session will stay at Farrel-McWhirter Park. Tiny Treks requires one adult participant per 2 children.

38329 Fri Nov 14-Dec 2	10-11:30am

## The Outdoor Preschool at Farrel-McWhirter Farm Park

Research reveals that playing in the dirt not only lowers depression and anxiety but can also make you smarter! The Outdoor Preschool (TOP) at Farrel-McWhirter is a nature discovery preschool program. Children will learn and play in the forest, trails, meadows and farm; and more than half of each day will be spent outside - rain, snow or sun. With a 6:1 student to teacher ratio, children will have plenty of one-on-one attention while they learn to observe, identify and appreciate the natural world. Children will build forts, dig in the dirt, explore puddles, streams, and trails, hunt for slugs, worms, and bugs, investigate plants, and animals, and develop a true appreciation for the environment. Children must dress for outdoor explorations, more details will be sent to parents after registration. Children must be potty trained (NO PULL-UPS!) and be 3 1/2 years old by the first class. The first step toward stewardship is nature discovery, and the first step toward nature discovery is TOP.
